

- In the third heading, the first letter of every word is capitalized, while this is not consistent with the first and second headings.
- Please use a **consistent capitalization** style—either capitalize the first letter of every word or use lowercase throughout—all headings should follow the same format.
- In the first two headings, the green line touches the word “that gets, and CV to” while in the third heading it appears under the word “With Our”.
- Green line should be placed under the **important words**.

Are you uploading an existing resume?

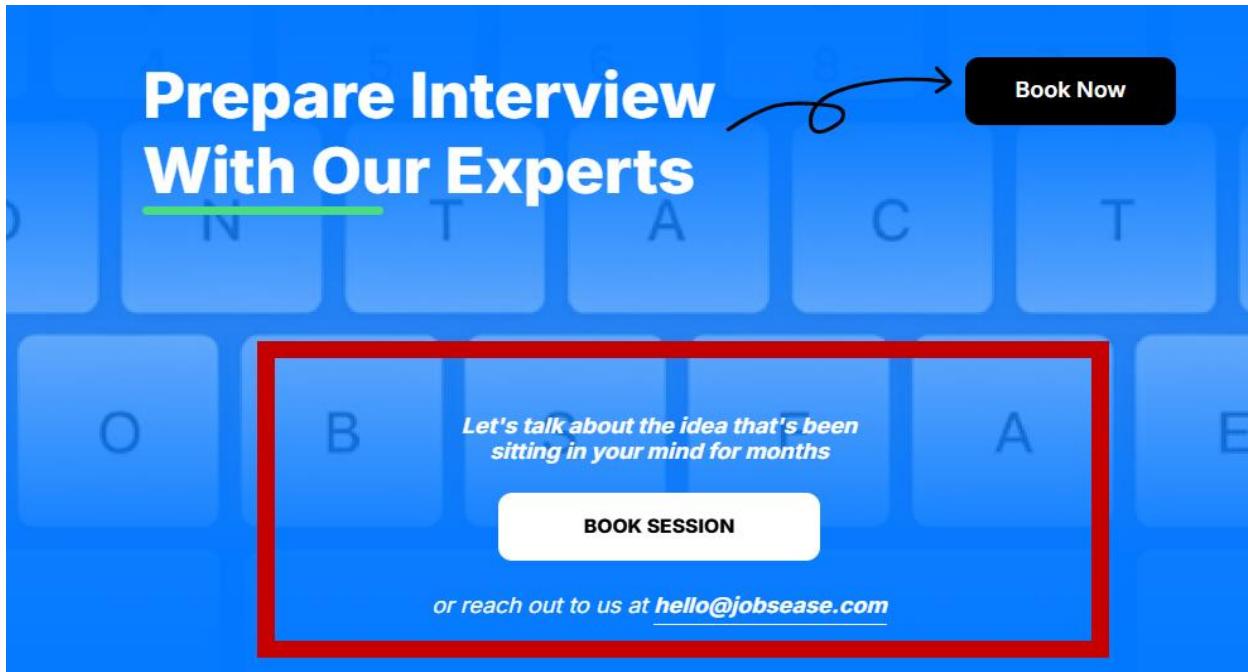

We'll give you expert guidance to fill out your info and enhance your resume, from start to finish

No, start from scratch

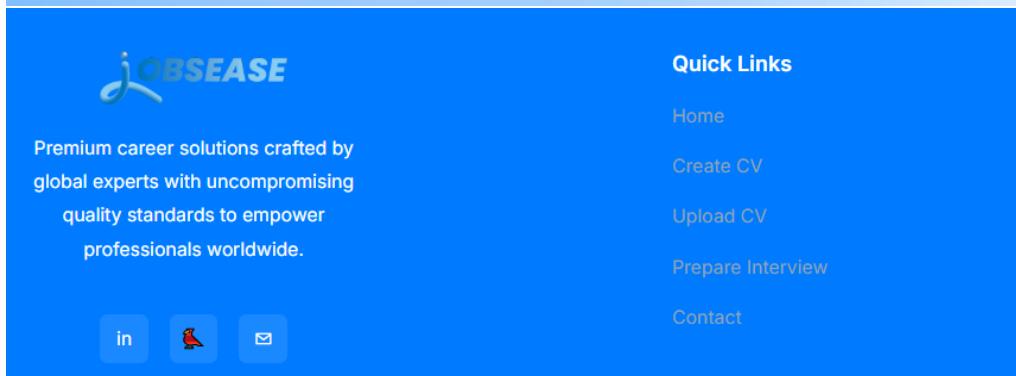

We'll guide you through the whole process so your skills can shine

- The last main point is too small, which affects readability. The fonts are also inconsistent. Please redesign this section with balanced font sizes and consistent typography throughout.

- Fonts are not same. Please use **same** font in the footer as in the upper section.
- Also the footer section has no readability.

At JobSease, we build innovative digital solutions designed around your career needs from creating a standout CV to finding the right job and preparing with expert interview coaching from our global high-tech team.

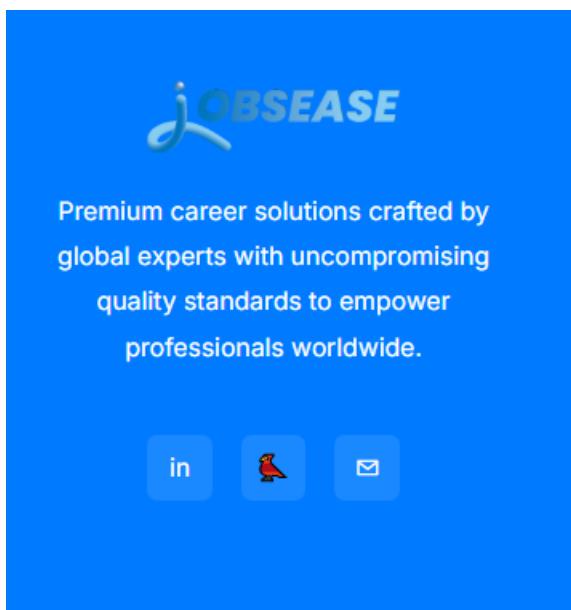

The footer features the JobSease logo at the top left. Below it is a block of text: "Premium career solutions crafted by global experts with uncompromising quality standards to empower professionals worldwide." At the bottom are three social media icons: LinkedIn, Facebook, and Email.

Quick Links

- Home

- Contact

- Left Align this

The footer has been modified to be left-aligned. The text and social media icons are now positioned to the left of the vertical line.

- **LOGO IS NOT SAME** on these page:
“Create CV” , “Upload CV” and “Prepare Interview” as Home Page
- Graphics/illustrations are also same on all pages. Don’t use same graphics/illustrations on all pages.
